*Heat Lamp Focus —
designed for the
restaurants of tomorrow.*

For us, the heat lamp in the restaurant is a tool that puts the food in focus and provides some well needed respite in lively kitchens. We kept this in mind when we set out to create Stayhot Focus; the latest addition to our heat lamp family. ————— Designed and manufactured by us in Sweden, these new heat lamps pay homage to traditional forms, albeit with contemporary details.

Strip Heater Classic Freestanding Table Stands

Strip Heater Classic Freestanding Table Stands

We offer table stands for our strip heaters. It's a flexible alternative for anyone who wants a freestanding solution for their strip heater instead of mounting it under a shelf. Manufactured using high quality stainless steel tubes, all stands include a sheet of tempered glass to be used as shelf space. Our stands are easy to bring out when needed, say for a breakfast or lunch buffet, and can just as easily be tucked away when not needed.

All prices include a shelf made of 8 mm tempered glass. If a customer wishes to order a stand without glass, the total price will be deducted € 35 - 50 depending on the strip heater model.

Get to know our Combi Plates

01

Cut-out Dimensions

The cut-out measurements for our combi plates are the outer dimensions +5 mm for each side. This is based on a support construction below the product, on which the plate is resting. This is used to perfect the height using adjustable screws, Silicone is then used to seal the edges. If the bench is made of Corian, the cut-out dimensions increase by 2 mm per side.

02

Ventilation & Fan

In order for the combi plates to work optimally, it is critical that there is plenty of air flow underneath. The temperature in the space below the plate should not exceed +40 °C. An easy way to ensure supply and exhaust air is to install two ventilation holes on each side of the fan. The cooling compressor then works optimally and prevents overheating.

03

Top Surface

The top surface is made out of aluminium as a base and stainless steel on top of that. You can also order the plates with Gorilla Glass in four different RAL colours.

04

Compressor

All of our combi and cold plates have compact and efficient compressors. It is also possible to choose plates without a built-in compressor, for installation to an external cooling system.

05

Control Panel

Control the temperature easily with the digital display. Go from searing heat and freezing cold with the push of a button.

06

Power Cable

All combi plates come with a two meter long power cable.

StayHot&Cold Combi Plates

Built-in Compressor

**Combi Plate GN 1/1
Built-in Compressor**

Combi Plate with built-in compressor, ready to plug in.
Temperature adjustable from -5 °C to +140 °C.

Top Surface	9,5 mm multi-layer material Aluminium / Stainless Steel
Dimensions	530 x 330 x 160 mm
Cut-out Dimensions	540 x 340 mm (Corian 544 x 344 mm)
Voltage	230 V, 50/60 Hz
Power	850 W
Cables	1 m controller cable / 2 m power supply
Requirements	Supply- and exhaust air must be ensured

Article Number SHC-GN-1/1
Price **3179 €**

Optional	Glass Coating 2 mm Gorilla Glass
Colours (RAL)	● 9004 ○ 9010 ● 7021 ● 7016
Article Number	SHC-GN-1/1-GLAS
Price	268 €

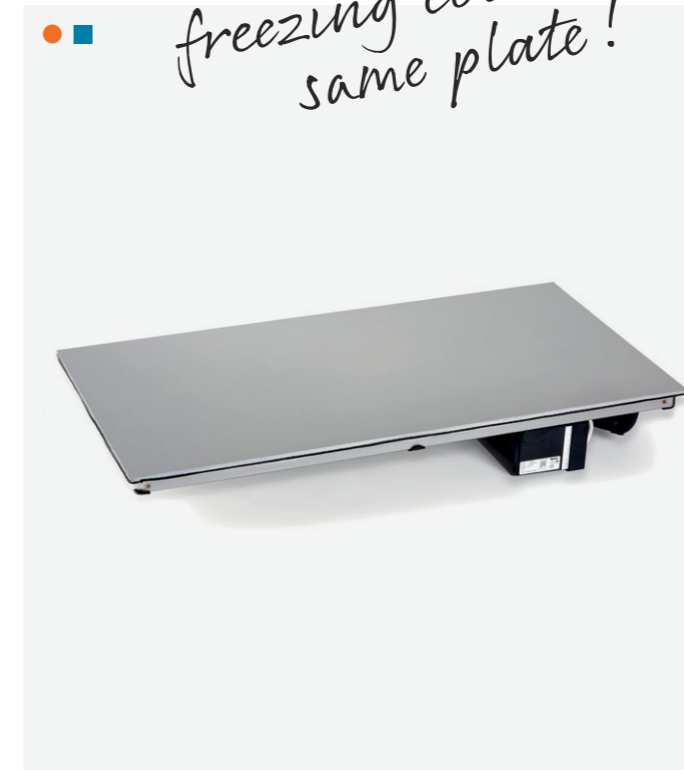

**Combi Plate GN 2/1
Built-in Compressor**

Combi Plate with built-in compressor, ready to plug in.
Temperature adjustable from -5 °C to +140 °C.

Top Surface	9,5 mm multi-layer material Aluminium / Stainless Steel
Dimensions	530 x 660 x 160 mm
Cut-out Dimensions	540 x 670 mm (Corian 544 x 674 mm)
Voltage	230 V, 50/60 Hz
Power	1520 W
Cables	1 m controller cable / 2 m power supply
Requirements	Supply- and exhaust air must be ensured

Article Number SHC-GN-2/1
Price **3883 €**

Optional	Glass Coating 2 mm Gorilla Glass
Colours (RAL)	● 9004 ○ 9010 ● 7021 ● 7016
Article Number	SHC-GN-2/1-GLAS
Price	402 €

**Combi Plate GN 3/1
Built-in Compressor**

Combi Plate with built-in compressor, ready to plug in.
Temperature adjustable from -5 °C to +140 °C.

Top Surface	9,5 mm multi-layer material Aluminium / Stainless Steel
Dimensions	530 x 990 x 160 mm
Cut-out Dimensions	540 x 1000 mm (Corian 544 x 1004 mm)
Voltage	230 V, 50/60 Hz
Power	2340 W
Cables	1 m controller cable / 2 m power supply
Requirements	Supply- and exhaust air must be ensured

Article Number SHC-GN-3/1
Price **4576 €**

Optional	Glass Coating 2 mm Gorilla Glass
Colours (RAL)	● 9004 ○ 9010 ● 7021 ● 7016
Article Number	SHC-GN-3/1-GLAS
Price	539 €

**Combi Plate Round
Built-in Compressor**

Combi Plate with built-in compressor, ready to plug in.
Temperature adjustable from -5 °C to +140 °C.

Top Surface	9,5 mm multi-layer material Aluminium / Stainless Steel
Dimensions	Ø 490 x 160 mm
Cut-out Dimensions	Ø 500 mm (Corian Ø 504 mm)
Voltage	230 V, 50/60 Hz
Power	700 W
Cables	1 m controller cable / 2 m power supply
Requirements	Supply- and exhaust air must be ensured

Article Number SHC-R
Price **3534 €**

Optional	Glass Coating 5 mm
Colours (RAL)	● 9004 ○ 9010 ● 7021 ● 7016

Our History

We are a family business with over 30 years of experience. We combine tradition and industry knowledge with innovation and enthusiasm.

1986

Started From The Bottom

Eva and Pelle Lobelius establish Lobelius Agenturer and run it out of their basement.

1987

First Impression

Our first logo, drawn up by our founder, Per Lobelius.

1993

Old School Ads

Even though we sell the same products, the ads we published 26 years ago looked a bit different compared to today.

1996

First Home

After 10 years in the basement, the company moves out and settles down in its own house, right next door.

2015

A Family Business

The second generation of Lobelius join the action as Karl, Felix and Erik gradually become involved in the business.

2017

The Red House

After more than 30 years of business, we finally move out of the residential area and into a warehouse that accomodates our growing operation.

2018

Growth Spurt

With a new home for the business, we also start to grow in terms of numbers. New, talented colleagues result in fresh energy and ideas, all of which contribute to a stimulating workplace.

2019

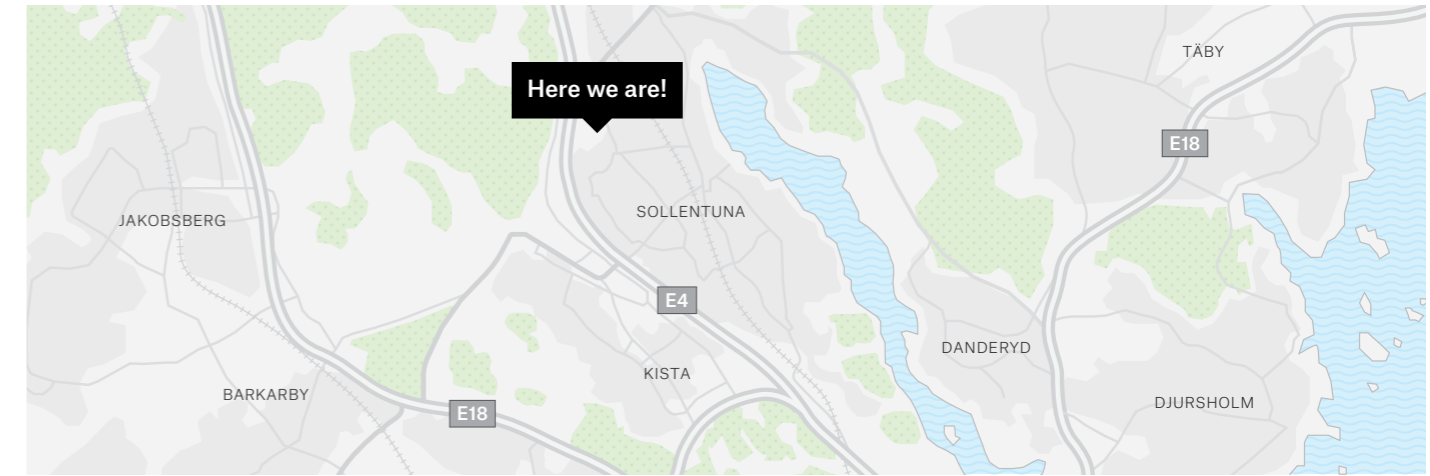

Hot Food in Focus

A completely new product range is taking shape, with new heat lamps, strip heaters and hot trays, all specifically designed for the restaurants of tomorrow.

Contact Details

If ever in the area, we would love to welcome you to our office, where we base our stock, production and exhibition, all under one roof!
