

Focus by Stayhot

Food warmers made in  
Sweden with care.

We put hot food in focus.

For over 30 years, we at *Stayhot* have dedicated our energy into providing restaurant kitchens with elegant, innovative and reliable food warmers that stand the test of time, even in the most demanding of environments.

*Focus* is the latest addition to our product family. Manufactured in Sweden, these new heat lamps combine function and durability with modern design that juxtaposes traditional lamp forms with contemporary details.

Designed and manufactured with care in Sweden  
for the restaurants of tomorrow.

Model: VL1-RO-HSS

A modern interpretation  
of classic industrial lamps.

Every detail is designed with purpose and optimised for its specific function.

Equipping the very best to allow their creations to take centre stage.

## Nordic Design

Our products have been designed and developed by our creative team in Sollentuna, a stone's throw North of Stockholm.

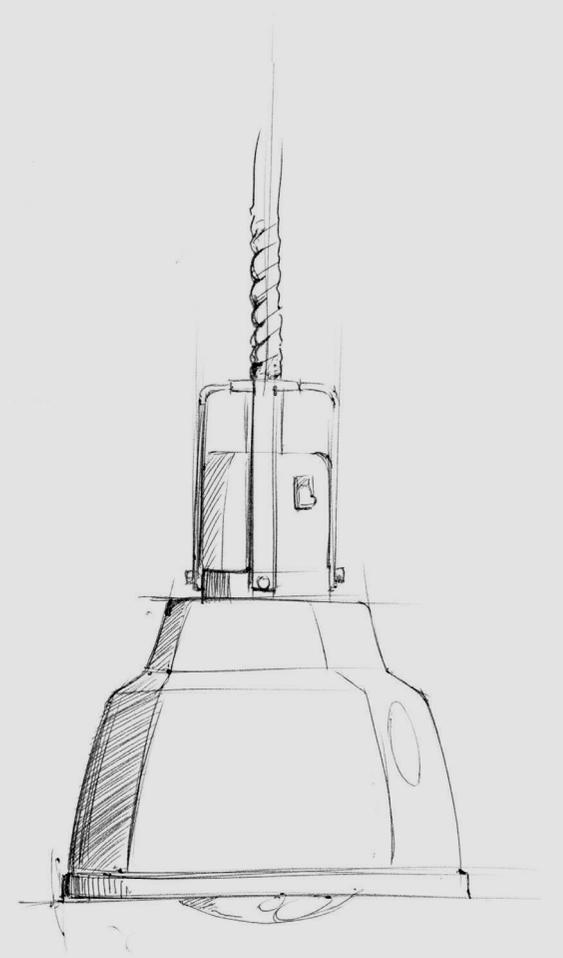

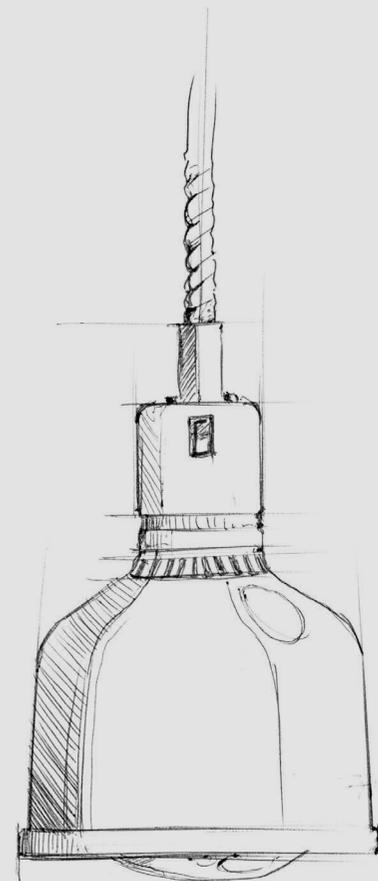

We focus on creating flexible and functional product solutions with Nordic and modern forms that stand out from the crowd.

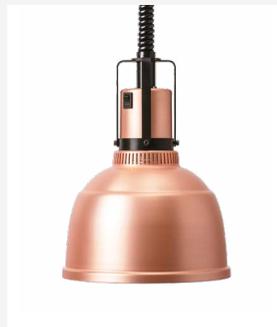

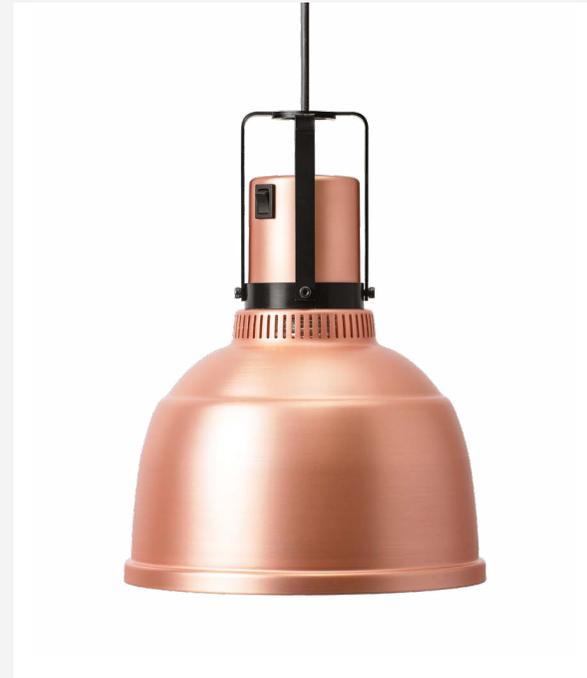

## Made in Sweden by Hand

Centering the manufacturing process in our Swedish factory provide us with superior control over materials, component suppliers and all other processes, where we only accept the highest degree of excellence.

Each manufactured product is individually tested and carefully inspected by our production team before packing and delivery.
